LinkedIn 'For You' really caught me off guard this week. For some, its enjoying a tropical getaway or time with family, but as you know, there are a lot of OOO emails coming in. As you may know, TikTok has been accused of tracking user data and use that for targeted ads. Will TikTok get banned?

Why was this? Well, we have no official information about the reason behind the change. The previous one that you may have noticed was a meme of a dog instead of the usual logo of the social network. So a new feature arises in which the social network continues to develop… And it is non-stop, Twitter. For now, we will go step-by-step and comment on this… The alternative to Twitter is just as promised... and now it’s a reality.

What do you think of this news? One way to connect with more professionals, while doing it through your brand. LinkedIn joins the ‘For You’ trend. What happens next is unknown, either relief for TikTok users, or a transition to a rising...
